**2023/2024 Curriculum Collaborative meetings:** Rotating schedule of virtual and in person. Dawn Hayes will reach out to Curriculum teams to plan what works best for the 23/24 school year.

## PDE Updates & System Supports

Comprehensive Planning Updates - contact Dr. Hayes for support, structured literacy has a big impact for elementary and middle school, districts required to have structured literacy training every 3 years; 2 year induction and equity are also new

PDE Mandates and Checklist

## Data Updates

PVAAS - push for local data

CDTs - new science teaching, will start appearing on CDTs this fall.

## ATSI Supports

Focus groups, root cause planning, evidence-based practices

## Advanced Placement Summer Institute

If your teachers are looking for specific AP courses, the [CollegeBoard AP Central Calendar](#) is the best resource for finding APs.

Have a teacher interested in becoming a CollegeBoard AP Instructor?

First the school has to sign up to participate in the AP Program. That requires completing the Participation form, establishing an AP Coordinator.

Then, the school selects the teachers. Teachers then have to complete the AP Course Audit and submit their syllabi for approval.

Attending an APSI or one of our workshops is not required. The above steps are required.

All information is found here: <https://apcentral.collegeboard.org/>

## Student Events - visit our new [CIU10 Student Events Page](#)
