Artist lessons are educational, curriculum-based and are related to the PA Academic Standards. Performances (for larger groups) also have educational value and are reasonably priced!

Choose 1 artist or ensemble for 1 location, per day for any of the following options:

- A. \$200 /day = up to 3, 1-hour - **OR** up to 2, 1.5 hour lessons w/ a single artist
- B. \$250 /day = 1 performance w/ a single artist (Note: Price doubles for 2 performances.)
- C. \$350 /day = 1 performance plus up to 2, 1-hour lessons w/ a single artist
- D. \$395 /day = 1 performance w/ an ensemble (Note: Price doubles for 2 performances.)

Artist Residencies - For Grades K-12:

Innovative Learning:

The Artist Residency Program places professional artists in school settings for an extended period of days. Teaching artists engage students in a series of sequential, participatory workshops that provide opportunities for creative expression, skill development and discovery. These experiences have the potential to energize learning in nearly any subject area!

Tailored to the Curriculum:

Artist residencies are tailor-made to address the curricular needs of an individual school and classroom. The artist and teachers work together to create, design, plan and implement a residency that can be linked to a theme or a specific area of study and tied directly to the PA Academic Standards.

Grant Support:

Funding support, from 30%-50%, of the artist fee, may be available from Galaxy through its partnership with the PA Council on the Arts (PCA). To be considered for grant support, residencies must be a minimum of 10 days (5 days with an ensemble).
